

Twenty-Second
Annual Report
of the President
on Federal
Advisory
Committees

Fiscal Year 1993

TO THE CONGRESS OF THE UNITED STATES:

As provided by the Federal Advisory Committee Act, as amended (Public Law 92-463; 5 U.S.C., App. 2, 6(c)), I am submitting my first Annual Report on Federal Advisory Committees for fiscal year 1993 for your consideration and action.

Consistent with my efforts to create a Government that works better and costs less, I issued Executive Order No. 12838 on February 10, 1993, requiring the executive branch to conduct a comprehensive review of all advisory committees. Based upon this assessment, each department and agency was directed to reduce by at least one-third the number of committees not required by the Congress. I am pleased to advise that this initiative has resulted in a net reduction of 284 unproductive advisory committees, exceeding our elimination target of 267, by 6 percent, or 17 committees. In addition, we have identified approximately 30 unneeded statutory groups.

While progress has been achieved in assuring that the work of advisory committees remains focused on national, rather than special interests, I am asking for your support in effecting other needed improvements. The Administration will forward to the Congress a legislative proposal to terminate 30 advisory committees required by statute, but for which compelling needs no longer exist. I urge the Congress to act quickly and favorably on this proposal, and I welcome any recommendations of the Congress regarding additional groups that may be eliminated through our joint efforts to increase the effectiveness and efficiency of the Government. Toward this end, I hope the Congress will show increased restraint in the creation of new statutory committees.

I have directed the executive branch to exercise continued restraint in the creation and management of advisory committees. This will allow us to obtain further savings recommended by the Vice President and the National Performance Review. Consistent with Executive Order No. 12838, the Director of the Office of Management and Budget will continue to approve new agency-sponsored committees when necessary and appropriate. In addition the General Services Administration, as part of its overall responsibilities under the Act, will periodically prepare legislation to propose the elimination of committees no longer required by the Government.

We stand ready to work with the Congress to assure the appropriate use of advisory committees and to achieve the purposes for which this law was enacted.

William G. Clinton

The President
The White House

Dear Mr. President:

I am submitting the *Twenty-second Annual Report on Federal Advisory Committees* for your consideration and transmittal to the Congress as your first annual report. This report has been prepared in accordance with Section 2 of Executive Order 12024 to fulfill the requirements of Section 6(c) of the Federal Advisory Committee Act (FACA), as amended (Public Law 92-463, 5 U.S.C., App.).

During fiscal years 1993 and 1994, the Office of Management and Budget (OMB) and the General Services Administration (GSA) worked together to implement your policy aimed at substantially reducing the number of Federal advisory committees. In total, your one-third reduction target was achieved with a net reduction of 284 discretionary committees and estimated annual savings of over \$17 million. An additional number of advisory committees required by statute, but for which compelling needs no longer exist, have also been identified for potential termination. GSA will annually submit legislation that identifies other statutory committees that are no longer needed.

In accordance with recommendations developed by the Vice President as part of the National Performance Review, additional actions will be taken during fiscal years 1994 and 1995 to further reduce advisory committee costs. OMB and GSA will also complete efforts initiated under Executive Order 12838 to streamline advisory committee activities within the Department of Health and Human Services (HHS) and among several agencies responsible for trade negotiations. These efforts, taken together, will assure that advisory committee resources are focused on high-priority Administration initiatives, resulting in less bureaucracy and more responsive government.

Respectfully,

Roger W. Johnson
Administrator

Review of Federal Advisory Committees: Final Report on the Implementation of Executive Order 12838

BACKGROUND

On February 10, 1993, President Clinton signed Executive Order 12838 directing the elimination of at least one-third of all Federal advisory committees not required by Congress. The President, in noting the rapid growth in the number of unproductive and duplicative commissions during previous Administrations, directed the Office of Management and Budget (OMB) to take immediate steps to stem the creation of such groups within the Executive Branch. In addition, requests for new groups were made subject to OMB approval as part of the governmentwide effort to eliminate unneeded committees.

The Director of the Office of Management and Budget issued OMB Bulletin 93-10 on April 9, 1993, requiring each department to submit a plan to reduce the number of committees not required by statute by the end of fiscal year 1993. The Bulletin established a formalized process for the review and approval of agency plans; required the evaluation of statutory committees for possible elimination; and, mandated substantive reductions in the number and costs of existing discretionary advisory committees.

At the start of fiscal year 1993, 62 Executive Branch agencies sponsored 801 committees which are "discretionary" e.g., not required by statute. As required by Executive Order 12838 and OMB Bulletin 93-10, each agency sponsoring advisory committees at the beginning of fiscal year 1993 was required to provide detailed justifications for the continuation, termination, or merger of each group. The established baseline of all discretionary committees in existence at the beginning of fiscal year 1993, resulted in a governmentwide reduction target of 267.

Agencies were also directed to review the need for the 410 committees which are required by statute or, in other words, are considered to be "non-discretionary." The results of these evaluations have been incorporated into an initiative to reduce the number of committees mandated by Congress.

AGENCY PLANS

Based upon the total number of discretionary committees - those established under general agency authority or authorized, but not required, by statute - each agency head prepared a plan for approval by the Director of

OMB. As outlined by OMB Bulletin 93-10, proposed terminations were approved if the agency's plan resulted in a net reduction of one-third in the number of discretionary committees. Agency plans resulting in a net one-third reduction through streamlined committee operations (consolidations or mergers of like functions) were also approved where the agency achieved an acceptable level of savings.

OMB Bulletin 93-10 provided that proposed committee reductions would not be assessed against an agency's termination goal if the results were purely cosmetic, resulting in no benefits to the Government in terms of efficiency or savings.

RESULTS

The General Services Administration (GSA) assisted OMB in preparing responses to agency heads suggesting improvements and, ultimately, approving committee reduction strategies. Based upon plans submitted by the Executive Branch in response to the President's initiative, a net total of 284 Federal advisory committees have been approved for elimination. Estimated annual savings related to these decisions total \$17.1 million.

majority of the identified terminations were effected by September 30, 1993 (217), all recommendations were implemented by December 31, 1993, or scheduled for completion in conjunction with required regulatory actions.

In measuring the agencies' performance in achieving reductions, termination plans approved are net of new discretionary and statutory committees created during fiscal year 1993 (69) and/or contemplated for fiscal year 1994 (99).

Advisory committees which report to the President are reviewed every two years under separate authority. Accordingly, these groups were not subject to evaluation under E.O. 12838.

Another 63 committees, including 36 groups involved with international trade issues, have been identified for further in-depth review during fiscal year 1994 for potential streamlining and/or reduction opportunities.

In addition, the Department of Health and Human Services (HHS) will work with OMB and GSA to complete its efforts to streamline the use of peer review committees. Specifically, the National Institutes of Health (NIH) will examine the possibility of further applying models developed by the National Science Foundation (NSF) to more effectively manage advisory committees according to special emphasis areas.

As measured against the established governmentwide reduction target of 267, the net number of terminations

achieved, 284, represents 106 percent of the goal established by Executive Order 12838. While the

NEXT STEPS

The Vice President and the National Performance Review (NPR) have recommended additional actions to stabilize the use of Federal advisory committees and achieve cost savings of five percent over and above those resulting from Executive Order 12838. In addition, results achieved through the implementation of the President's initiative will require other sustained actions by the Executive Branch to assure that advisory committee resources are continually focused on high-priority areas.

As a follow-up to the committee reduction initiative, the President has instructed OMB and GSA to continue working with each agency to achieve additional management improvements. These efforts will include actions to streamline the use of advisory committees, reduce the number of committees required by statute, and improve oversight of remaining groups.

To achieve additional committee reductions, the Director of the Office of Management and Budget has transmitted to the Congress an omnibus

legislative proposal to terminate 31 advisory committees required by statute, but for which compelling needs no longer exist. Similar legislation will be introduced periodically by the Administration to recapture scarce resources for other uses. In addition, as part of efforts to implement NPR recommendations, agencies will be instructed to limit their support for new statutory committees to those which are essential and for which a maximum two-year sunset limitation has been included.

As part of its continuing responsibilities for the Federal Advisory Committee Act, the General Services Administration (GSA) will continue to evaluate the effectiveness of individual committees. The results of these evaluations will be reported each year in the *Annual Report of the President on Federal Advisory Committees*. The Office of Management and Budget will continue to work closely with GSA and each agency to assure that the President's policy is fully implemented.

Twenty-second Annual Report of the President on Federal Advisory Committees

The *Twenty-second Annual Report of the President on Federal Advisory Committees, Fiscal Year 1993*, has been prepared in accordance with section 2 of Executive Order 12024 and Section 6(c) of the Federal Advisory Committee Act (FACA), as amended (Public Law 92-463, 5 U.S.C., App.).

This report is a summary of information furnished by Federal agencies, which is forwarded separately to the Congress. It is designed to provide an overview of the extent to which advisory committees are being used to obtain advice on the design and implementation of a wide array of Federal policies and programs. In addition, the report contains information on trends in advisory committee activities, costs, and membership. This information may be used as a basis for improving the management of Federal advisory committees, providing for more effective committee activities, and strengthening accountability for the attainment of committee objectives.

Role of Federal Advisory Committees

Advisory committees play an important role in assuring that Federal officials have access to information and advice on a broad range of issues affecting the Government. Through

committee activities, the Executive Branch is able to benefit from the knowledge and expertise of the Nation's citizens. The public, in return, is afforded an opportunity to actively participate in the Government's decision-making processes.

Through enactment of the Federal Advisory Committee Act (FACA) of 1972, the Congress formally recognized the merits of seeking out non-Federal sources of information and advice. At the same time, however, the Congress also sought to ensure that the advice provided by committees be relevant, objective, and accessible to the public. The formalized process created by the FACA used in establishing, operating, and terminating

advisory committees seeks to achieve these objectives, as well as to provide a basis for continuing oversight of committee activities.

Public Access to Committee Deliberations

The FACA requires that, with few exceptions, "Each advisory committee meeting shall be open to the public." Federal departments and agencies are required to publish adequate advance notice of planned meetings in the *Federal Register*. In addition, meeting locations and times must be reasonably accessible and convenient.

Subject to the requirements of the Freedom of Information Act, all papers and records generated by Federal advisory

Fiscal Year 1993 Federal Advisory Committee Activities

During fiscal year 1993, 64 Federal departments and agencies sponsored 1,305 advisory committees. A total of 28,317 individuals served as committee members; 4,387 meetings were held; and 1,141 reports were issued during the fiscal year. For a comparison of committee activities during fiscal years 1992 and 1993, see Table I and the Summary Table on page 9.

agencies are expected to ensure that a cross-section of individuals directly affected, interested, and

Advisory Committee Members

Federal advisory committee members are drawn from nearly every occupational and industry group, and geographical section of the United States and its possessions.

The FACA requires that committee memberships be "fairly balanced in terms of the points of view represented and the functions to be performed." As a result, members of specific committees tend to possess skills that parallel the program responsibilities of their sponsoring agencies. In balancing committee memberships,

issues ranging from national security concerns to specific fiscal, social, and technical issues. Chart I, depicting the distribution of advisory committees by major functional groups, illustrates the wide-ranging areas of interest covered during fiscal year 1993.

Trends in Advisory Committee Activities

The total number of committee meetings held during fiscal year 1993, or 4,387, marked a 6 percent decrease in activity compared with the previous year's total of 4,645. The average number of meetings per committee held during the year was 3.4, reflecting a slight decrease in the previous year's average of 3.8.

The number of committee meetings open and partially open to the public during fiscal year 1993 was 3,177, or 72 percent of the total, and compares favorably with the previous year's record of 69 percent of all sessions being accessible to the public (see Chart II).

Committee meetings are closed or partially closed to the public based upon provisions of the Government in the Sunshine Act. Examples of meetings which may be closed or partially closed include those involving discussions of classified information; reviews of proprietary data submitted in support of Federal grant applications; and deliberations involving consideration of information

During fiscal year 1993, the number of advisory committees providing advice on the award of Federal grants decreased from 261 to 233, or 11 percent. Agencies such as the National Science Foundation, the National Endowment for the Arts, and the Department of Health and Human Services sponsor significant numbers of such committees which, taken together, represent 64 percent of all closed and partially closed meetings held during the reporting period.

Coordination of Committee Activities

With approximately 1,000 advisory committees in existence at any given time, special attention is required to assure compliance with the FACA and related regulations, as well as to encourage the effective use of committee resources.

While individual departments and agencies are responsible for continually

reviewing committee performance in these areas, the General Services Administration (GSA) has been designated by the President under Executive Order 12024 to monitor committee activities Governmentwide. As part of this responsibility, GSA conducts annual reviews of advisory committee accomplishments, responds to inquiries from agencies regarding the establishment of new committees or the renewal of existing groups, and prepares this *Annual Report* covering a summary of committee activities.

Together, GSA and the Federal community work toward eliminating the overlap or duplication of advisory bodies, terminating unnecessary or inactive committees, and developing committee management regulations, guidelines and training which are responsive to the requirements of the Executive Branch and the Congress.

GSA works closely with the Office of Management and

Budget to assure that advisory committees continue to support high priority initiatives sponsored by the President. During the year, OMB and GSA worked closely together to implement the requirements of Executive Order 12838, which requires that additional efforts be taken to control the number and costs of advisory committees. The results of this effort are reflected in this report.

Interagency Management Improvement Initiatives

During fiscal year 1993, the Committee Management Secretariat completed an in-depth examination of significant trends affecting the composition of the advisory committee inventory. This effort, conducted under the aegis of GSA's Total Quality Management program, included the assistance of representatives from several major departments, and OMB's Legislative Review Division GSA. As a result of this review, the following

recommendations will be implemented during fiscal year 1994:

- *GSA will develop the means for identifying and tracking legislative proposals containing provisions for new advisory committees.* This information will be shared with each affected agency to assure that the number of new advisory committees required by statute is held to a minimum and that the efforts of such groups do not duplicate the work of existing committees.

- *GSA will work with OMB to provide training to departmental Committee Management Officers regarding the requirements of OMB Circular A-19. This training will be designed to acquaint agency personnel with relevant policies covering the clearance of proposed legislation. In addition, this effort will help to improve communications between committee management staffs and their counterparts responsible for legislative affairs.*
- *GSA will develop improved means for providing electronic access to committee management information. During fiscal year 1994, the Committee Management Secretariat will design an electronic*

bulletin board which will enable agency personnel to stay abreast of the latest developments affecting the committee inventory.

During the year, GSA's Interagency Committee on FACA continued to serve as an important source of recommendations for improving compliance with the Act. The group developed a number of proposals for expanding the Secretariat's outreach to its key customers, as well as specific advice for addressing administrative and legal issues of general concern.

The Committee also continued to provide direct support to GSA in the development and delivery of specialized training to a broad range of agency personnel responsible for

the management of advisory committees. Representatives of several agencies, including the Administrative Conference of the United States, the Environmental Protection Agency, the Office of Government Ethics, the National Archives and Records Administration, and the Departments of Education, Defense and Labor, continued to serve as course instructors. During the year, 115 students participated in this opportunity, offered through GSA's Interagency Training Center.

Fiscal Year 1993 Federal Advisory Committee Costs

Federal departments and agencies reported spending a total of \$143,911,021 to operate advisory committees during fiscal year 1993. These costs included compensation of committee members, reimbursement for travel and per diem expenses, Federal member and staff support expenditures, consulting fees, and administrative overhead (Table II).

Approximately \$70.7 million, or 49 percent of all costs associated with supporting advisory committees during the year, were the result of indirect expenditures for Federal staff support. Agencies typically assign full-time employees to assist, monitor, and guide the activities for their advisory committees.

A number of other committee costs, however,

**Chart III
Comparison of Real Costs and Nominal Costs
(Fiscal Years 1984 to 1993)**

involve direct outlays by agencies. For example, Federal agencies spent \$30 million in fiscal year 1993 to cover travel and per diem expenses for committee members and staff. These expenditures are often required to obtain the advice of a cross-section of individuals required to balance a committee's viewpoints. Travel costs are, however, minimized through Government travel discount programs offered by GSA.

Advisory committee costs are also reduced by terminating unnecessary or inactive groups. During the reporting period, 217 groups were identified by sponsoring organizations for termination during fiscal year 1993, in addition to 225 committees scheduled to cease during fiscal year 1994. Table III provides the

status of committees proposed for termination during fiscal year 1993.

Compared with the previous year's expenses of \$146,260,017, the total cost to fund advisory committees during fiscal year 1993 reflects a 1.8 percent decrease in resources dedicated for this purpose. This decrease in costs in the operation and maintenance of advisory committees reflects improved management efforts on the part of the Executive Branch to implement the President's directive to streamline committee operations.

Presidential Advisory Committees

During fiscal year 1993, 60 advisory committees, including 35 established by the Congress, directly advised the President on a

wide variety of issues. Although they accounted for only 5 percent of the total number of advisory groups in existence during the reporting period, Presidential advisory committees play vital and important roles in the development and implementation of Federal policies and programs.

During the year, GSA continued to make staff available to brief newly appointed Chairpersons of Presidential commissions and their staffs regarding the FACA's provisions.

During fiscal year 1993, GSA also continued to monitor compliance with section 6(b) of the FACA providing for follow-up reports relating to public recommendations made by Presidential advisory committees. During the reporting period, 27 Presidential groups issued reports requiring follow-up during fiscal year 1993. For a listing of these advisory committees, see Table IV.

Trends in the Composition of the Committee Inventory

The number of advisory committees in existence at the end of fiscal year 1993, or 1,088, reflects a 12 percent decrease below last year's net balance of 1,236.

The decrease in the number of advisory committees is, in large part, attributable to the success of Executive Order 12838, which directed all agencies sponsoring advisory committees to terminate one-third of their agency created committees

and to justify continuation of their remaining committees, whether established by the agency or by Congressional legislation.

During the fiscal year, the number of advisory committees directed or authorized by legislation increased by 35. This trend will require greater attention by the Executive Branch to assure that limited resources are made available for high-priority efforts.

During fiscal year 1993, the number of advisory committees established directly or indirectly by legislation accounted for 67 percent of the total inventory (see Chart IV) and approximately 70 percent of total costs (see Chart V). While many committees created by statute fulfill useful purposes, the

increase in their overall number and costs, relative to those established directly by the Executive Branch, pose special management concerns.

Additional Information About Federal Advisory Committees

This report includes summary tables of advisory committee data and an alphabetical listing, by agency, of all Federal advisory committees which existed during all or part of the year. This information has been expanded to provide more detailed information related to individual committee expenditures and levels of activity. In addition, as a result of efforts undertaken to comply with Executive Order 12838, recommendations for

continuation or termination of each committee have been included.

The report also provides the names and telephone numbers of the committee management staff in each department and agency which sponsors advisory committees.

The Appendices to the report include Executive Order 12838; OMB Bulletin 93-10; the text of the Federal Advisory Committee Act and its amendments; Executive Order 12024; the General Services Administration Final Rule on Federal Advisory Committee Management; and samples of the forms used to collect the information upon which this report is based.

No information provided by Federal agencies has been excluded from this report for reasons of national security.

Further information concerning Federal advisory committees may be obtained by contacting the Committee Management Officer in the appropriate department or agency, or from the Committee Management Secretariat of the General Services Administration, Washington, DC 20405 (telephone: 202-273-3556).

A complete set of forms used in compiling this report is on file and available for public inspection at the Library of Congress, located in Washington, D.C.

An Act

86 STAT. 770

To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

Federal Advisory Committee Act.

FINDINGS AND PURPOSES

Sec. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

- (1) the need for many existing advisory committees has not been adequately reviewed;
- (2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;
- (3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;
- (4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;
- (5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and
- (6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

DEFINITIONS

Sec. 3. For the purpose of this Act—

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is—

- (A) established by statute or reorganization plan, or
- (B) established or utilized by the President, or
- (C) established or utilized by one or more agencies,

in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

Sec. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

Restrictions.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

- (1) the Central Intelligence Agency; or
- (2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

Review.

Sec. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

Guidelines.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

- (1) contain a clearly defined purpose for the advisory committee;
- (2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;
- (3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;
- (4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

**GENERAL SERVICES
ADMINISTRATION**

41 CFR Part 101-6

[FPMR Amendment A-40]

**Federal Advisory Committee
Management**

AGENCY: Office of Administration, GSA.

ACTION: Final rule.

SUMMARY: This final rule provides administrative and interpretive guidelines and management controls for Federal agencies concerning the implementation of the Federal Advisory Committee Act, as amended (5 U.S.C., App.) (hereinafter "the Act"). In a previous issue of the Federal Register, GSA published an interim final rule on the management of Federal advisory committees and requested comments (48 FR 19324; April 28, 1983). Additional comments were requested through an advance notice of proposed rulemaking published in the Federal Register on February 13, 1987 (52 FR 4631). A new proposed rule, removing suggested limitations on the size of Federal advisory committees, eliminating requirements for the provision of updated committee membership data on a quarterly basis and restrictions on the compensation of committee members, and reflecting other actions to streamline compliance with the Act, was published in the Federal Register on May 19, 1987 (52 FR 18774), with a 90-day comment period ending on August 17. All comments received were considered in formulating this final rule which is intended to improve the management and use of Federal advisory committees in the Executive Branch of the Federal Government.

EFFECTIVE DATE: January 4, 1988.

ADDRESSES: General Services Administration, Committee Management Secretariat (CTM), Washington, DC 20405.

Copies of all comments received are available for public inspection in Room 7030 of the General Services Building, 18th and F Streets NW., Washington, DC.

SUPPLEMENTARY INFORMATION:

Background

GSA's authority for administering the Act is contained in section 7 of the Act

and Executive Order 12024 (42 FR 61445, 3 CFR, 1977 Comp., p. 158). Under Executive Order 12024, the President delegated to the Administrator of General Services all of the functions vested in the President by the Act, as amended, except that the Annual Report to the Congress required by Section 6(c) shall be prepared by the Administrator for the President's consideration and transmittal to the Congress.

Discussion of Comments

As stated above, GSA issued a proposed rule on the management of Federal advisory committees in the Federal Register and invited comments. Nineteen commenters responded. Seven commenters had no substantive recommendations and were fully supportive of the proposed rule. Twelve others offered suggestions for improving numerous sections and the disposition of these recommendations is addressed as follows:

Clarify the Distinction Between Operational as Opposed to Advisory Committees

Two commenters suggested that further guidance in the final rule was necessary to assist agencies in interpreting what constitutes primarily an operational committee as opposed to one which performs only advisory functions, in order to determine coverage under the Act. Accordingly, GSA has added language to § 101-6.1004(g) in the final rule which more fully describes what, in general, constitutes operational functions.

While the legislative history of the Act contains the concept for the exclusion of operational committees, there is no precise legal definition of operational committee in either the Act or its legislative history. GSA believes that operational functions to be performed by an advisory committee must be so authorized by law, since the making or implementation of Government decisions is normally reserved to Federal officials as opposed to advisory committees. Additionally, sections 2(b)(6) and 9(b) of the Act provide that, unless specifically provided by statute or Presidential directive, advisory committees may not make determinations or express policy in matters under their consideration. Given the additional language in this final rule, GSA believes that it will be easier for agencies to identify committees which perform primarily operational functions.

Provide for Coverage Under the Act When Certain Groups Provide Consensus or Recurrent Advice

One commenter stated that the language in § 101-6.1004 (i) and (j) of the proposed rule was too tentative to specifically provide that acceptance of consensus advice or advice on a recurring basis from certain groups were determinants for coverage under the Act. GSA has accepted these suggestions and has strengthened the wording of these sections in the final rule.

Agencies are, in effect, cautioned that the Act would apply when an agency accepts the deliberations of a group as a source of *consensus* advice, when heretofore the agency had been obtaining the advice of attendees on an *individual* basis only. Also, when an agency *recurrently* uses a group at the group's request, as a source of advice on a preferential basis, exclusion of coverage under the Act may become questionable even if the group continues only to express its own views without further solicitations from Federal officials.

Strengthen the Provision for Excluding Coverage of So-Called Fact-Finding Subgroups

Several commenters were of the opinion that so-called fact-finding subgroups should continue to be excluded from coverage under the Act. However, it was their general consensus that § 101-6.1004(k) of the proposed rule was less than clear in including both the members of an advisory committee and any of its subcommittee members in this exclusion. One commenter felt strongly that this exclusion should apply to all members of an advisory committee and its subcommittees, whether or not the subcommittee members are members of the parent committee. GSA agrees with this recommendation since it parallels the language and intent expressed in § 101-6.1007(b) (3) and (4) which clarify certain requirements applicable to subcommittees. GSA has reworded the definition of "Advisory Committee" in § 101.6.1003 of the final rule to follow more precisely the language in section 3(2) of the Act, and has been more consistent in the use of the term "subcommittee" in § 101-6.1004(k) and § 101-6.1007(b)(3) of the final rule.

Another commenter felt that the language in § 101-6.1004(k) was not strong enough to preclude fact-finding subgroups from preparing what ultimately becomes the advice and recommendations of the chartered advisory committee, as opposed to

simply gathering information and analyzing facts for the committee. GSA has modified the language in this provision to clarify that the results of such fact-finding activities are to be subject to the deliberation of a chartered advisory committee, or a subcommittee when subsequently conducting a meeting under the Act.

Provide Additional Guidance on the Requirements Applicable to Subcommittees

One commenter requested that the final rule provide additional guidance on the applicability of various requirements of the Act to subcommittees. Since the definition of "advisory committee" in section 3(2) of the Act specifically includes "any subcommittee or other subgroup thereof", GSA believes all requirements of advisory committees in the Act also apply to subcommittees. Furthermore, the Act itself contains no provisions for subcommittees which differ from those applicable to a full or parent committee. Absent more specific language in the Act, additional guidance by GSA which might serve to differentiate any requirements of subcommittees from those of advisory committees would be inconsistent with the Act.

Exclude From Coverage Under the Act Groups Convened by Agencies on an Ad Hoc Basis

One commenter recommended that the final rule contain an exclusion from coverage under the Act for so-called *ad hoc* groups lacking formal organization, structure, or continuing existence; convened by an agency to obtain views on particular matters of immediate concern. GSA is of the opinion that such an exclusion is not appropriate since the Act itself neither defines nor specifically excludes such groups. In fact, section 6(c) of the Act, providing for the President's annual report to the Congress, requires a statement for each advisory committee, "of whether it is an *ad hoc* or continuing body". Accordingly, GSA has not accepted the recommendation to exclude *ad hoc* groups since GSA believes that the language of section 6(c) of the Act evidences the intent of the Congress that a group is not to be excluded from coverage merely because it is convened on an *ad hoc*, or temporary basis.

Provide That Agencies May Exercise Policy Decisions in Issuing Exclusions for One-Time Meetings

In a comment directed toward GSA's position stated in the discussion of prior comments in the proposed rule (see 52 FR 18774, SUPPLEMENTARY

INFORMATION:), a commenter suggested that the final rule should not preclude agencies from issuing an exclusion for one-time meetings. This commenter felt that GSA's opinion, that such an exclusion in the rule was not appropriate in view of the limited litigation history, should not bar agencies from issuing such exclusions. In fact, it was the opinion of this commenter that the absence of litigation history was not sufficient reason to limit management discretion.

GSA continues to believe that a one-time meeting exclusion in the final rule would be inconsistent with the Act, and does not intend to provide either a direct exclusion in § 101-6.1004 or provide that such a decision may be left to an agency, thereby implying GSA's support for such exclusions. Accordingly, GSA reiterates its opinion that in the absence of any judicial precedent to the contrary, meetings or groups which take place or meet only once should not be excluded from the Act's coverage solely on this basis.

Eliminate the Agency Requirement to Assess Duplication of Advisory Committees on a Governmentwide Basis

Two commenters pointed out the impracticability of requiring an agency to assess duplication of effort of already existing committees on a Governmentwide basis as opposed to an individual agency basis. Both commenters further asserted that this Governmentwide role could be performed by GSA during its own review process subsequent to the receipt of the agency's proposal in accordance with § 101-6.1007(b) of the rule.

Since GSA is responsible for reviewing and maintaining data on all advisory committees in every agency pursuant to several provisions of the Act, GSA agrees that it can effectively perform this function. GSA can also provide agencies, on request, information on other agency committees relative to potential duplication of effort issues.

GSA has rewritten the language in § 101-6.1007 (a) and (b)(2)(ii) of the final rule to reflect this concept by providing that an agency only consider the functions of a proposed committee for duplication of existing committees in the same agency.

Include the Agency's Plan for Balanced Membership in Federal Register Notices and Charters

One commenter suggested that an agency's plan to attain balanced membership for a proposed advisory committee, to be submitted in conjunction with the review required by

§ 101-6.1007(b) of the proposed rule, should be included in both the Federal Register notice of establishment and in the filed charter.

GSA has not adopted this suggestion for two reasons. First, the agency letter proposing the establishment of an advisory committee under general agency authority already contains this information, as specified by § 101-6.1007(b)(2)(iii) of the rule, and this letter would be a public record following the establishment of the advisory committee. Second, inclusion of this information in the Federal Register notice of establishment and the filed charter is not specifically required under sections 9 (a)(2) and (c) of the Act. For purposes of this comment, GSA has not altered § 101-6.1007(b)(1) or § 101-6.1015(a)(1) of the final rule.

Provide Additional Guidance on Balanced Representation and Selection of Members

One commenter was concerned that the proposed rule did not contain sufficient guidance on balanced representation and the selection of members, and suggested that the final rule provide additional instructions for agencies to follow in these areas. GSA recognizes that the guidelines in the proposed rule are limited to the language of the Act. However, GSA believes that the provisions of section 5(c) of the Act are broad enough to allow agency discretion in determining advisory committee representation and membership relative to applicable statutes, Executive Orders, and the needs of the agency responsible for the committee. Accordingly, GSA will retain the proposed guidelines in the final rule based on the language of the Act.

Provide Revised Recordkeeping Requirements

Two commenters, directly or indirectly, expressed concern over the recordkeeping requirements contained in the proposed rule. One commenter observed that it was not possible for the Committee Management Officer (CMO) to ensure compliance with sections 10(b), 12(a) and 13 of the Act, as required by § 101-6.1017. Section 10(b) of the Act requires that the records of an advisory committee shall be available at a single location at the advisory committee or the agency to which it reports during the committee's existence. This commenter suggested that GSA relax the requirement of § 101-6.1017.

Another commenter, taking a different view, complained of the haphazard approach by agencies to the public

availability and retention of advisory committee records. This commenter recommended that the regulations be strengthened in these aspects.

For the following reasons, GSA has determined not to adopt the specific suggestions of either commenter. First, section 8(b)(2) of the Act provides that the CMO shall "assemble and maintain the reports, records, and other papers of any such committee during its existence." When sections 8(b)(2) and 10(b) are read together, it is clear that the records of an advisory committee are to be available at a single location and it is the CMO who is responsible for ensuring that this is accomplished. GSA has therefore decided against relaxing the requirements of § 101-6.1017 in the final rule.

The commenter who expressed concern over the haphazard approach to recordkeeping suggested that the final rule should: (1) Require agencies to keep committee records available for a certain period of time after a committee has terminated, and (2) address the perceived unavailability of the deliberative process privilege under the fifth exemption of the Freedom of Information Act (FOIA) to advisory committee records. For the following reasons, GSA has not adopted these comments.

First, pursuant to the National Archives and Records Administration Act of 1984, as amended, Pub. L. 98-497, the Archivist of the United States is responsible for records management in the Federal Government, including the issuance of regulations and guidance for records retention and disposition, as well as the process for identifying records appropriate for transfer to the permanent Archives of the United States. Since the Federal Advisory Committee Act is silent on records disposition for advisory committees, we see no reason or basis for GSA to alter normal Governmentwide procedures in this area which are the responsibility of the Archivist of the United States. Second, the commenter suggested that the Government's settlement of the law suit involving records of the Attorney General's Commission on Pornography was a concession that the deliberative process privilege under the fifth exemption of FOIA does not apply to advisory committees. Since cases may be settled for a variety of reasons which do not involve a decision on the merits, GSA does not believe that the mere settlement of a matter in litigation is dispositive of the legal issues raised in the litigation. Accordingly, GSA has determined not to adopt this suggestion.

Provide Guidance to Agencies Concerning the Applicability of the Anti-Lobbying Statute and Hatch Act to Advisory Committee Members

With respect to § 101-6.1033 of the proposed rule, one commenter stated that unless provided by statute, agencies should not compensate advisory committee members if they provide policy advice on proposals for legislation because this compensation would violate the anti-lobbying statute. (See 18 U.S.C. 1913). The same commenter also stated that GSA should direct agencies to ensure that any members of an advisory committee who are subject to the Hatch Act (5 U.S.C. 7321-7328) are aware of their obligations under that law.

For the following reasons, GSA has adopted neither suggestion. First, GSA does not believe that the traditional activities of an advisory committee fall within the scope of the activities which 18 U.S.C. 1913 was designed to protect against. Second, the Federal Advisory Committee Act itself does not reference the Hatch Act, and there is already a body of regulations on political activities by Federal employees which has been issued by the Office of Personnel Management, 5 CFR Part 733. Also, the Special Counsel of the Merit Systems Protection Board, who has responsibilities for investigation and administrative prosecution of alleged Hatch Act violations, issues advisory opinions on Hatch Act questions. GSA sees no need to issue regulations in this area when there are already regulations in place and an administrative mechanism available through agencies with greater responsibilities in this area than GSA.

Clarify the Procedures for Transmitting Follow-up Reports on Presidential Advisory Committee Recommendations

One commenter requested clarification in § 101-6.1035(a) of the proposed rule on the procedures required for transmittal of follow-up reports to the Congress on the disposition of Presidential advisory committee recommendations, as required by section 6(b) of the Act. GSA has decided to retain the proposed language in the final rule without further modification at this time. GSA agrees that there has been some confusion as to whether the agency responsible for supporting the Presidential advisory committee, or GSA, should transmit the report. GSA intends to propose further guidance in a future revision to this final rule following more consultation with the affected agencies.

Additional Instructions

Pursuant to section 7(d) of the Act, the guidelines contained in this final rule

with respect to uniform fair rates of pay for comparable services for members, staffs and consultants of advisory committees have been established after consultation by the Administrator with the Director, Office of Personnel Management.

Executive Order 12291

GSA has determined that this final rule is not a major rule for purposes of Executive Order 12291 of February 17, 1981, because it will not result in an annual effect on the economy of \$100 million or more, will not cause a major increase in costs to consumers or others, and will not have significant adverse effects. GSA has based all administrative decisions on this final rule on adequate information concerning the need for and consequences of this final rule. GSA has also determined that the potential benefits to society from this final rule far outweigh the potential costs, has maximized the net benefits, and has chosen the alternative involving the least net cost to society.

§ 101-6.1001 Scope.

(a) This subpart defines the policies, establish minimum requirements, and provide guidance to agency management for the establishment, operation, administration, and duration of advisory committees subject to the Federal Advisory Committee Act, as amended. Reporting requirements which keep the Congress and the public informed of the number, purpose, membership, activities, and cost of these advisory committees are also included.

(b) The Act and this subpart do not apply to advisory meetings or groups listed in § 101-6.1004.

§ 101-6.1002 Policy.

The policy to be followed by Federal departments, agencies, and commissions, consistent with the Federal Advisory Committee Act, as amended, is as follows:

(a) An advisory committee shall be established only when it is essential to the conduct of agency business. Decision criteria include whether committee deliberations will result in

the creation or elimination of, or change in regulations, guidelines, or rules affecting agency business; whether the information to be obtained is already available through another advisory committee or source within the Federal Government; whether the committee will make recommendations resulting in significant improvements in service or reductions in cost; or whether the committee's recommendations will provide an important additional perspective or viewpoint impacting agency operations;

(b) An advisory committee shall be terminated whenever the stated objectives of the committee have been accomplished; the subject matter or work of the committee has become obsolete by the passing of time or the assumption of the committee's main functions by another entity within the Federal Government; or the agency determines that the cost of operation is excessive in relation to the benefits accruing to the Federal Government;

(c) An advisory committee shall be balanced in its membership in terms of the points of view represented and the functions to be performed; and

(d) An advisory committee shall be open to the public in its meetings except in those circumstances where a closed meeting shall be determined proper and consistent with the provisions in the Government in the Sunshine Act, 5 U.S.C. 552(b).

§ 101-6.1003 Definitions.

"Act" means the Federal Advisory Committee Act, as amended, 5 U.S.C., App.

"Administrator" means the Administrator of General Services.

"Advisory committee" subject to the Act means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof, which is established by statute, or established or utilized by the President or any agency official for the purpose of obtaining advice or recommendations on issues or policies which are within the scope of his or her responsibilities.

"Agency" has the same meaning as in section 551(1) of Title 5 of the United States Code.

"Committee Management Secretariat" ("Secretariat"), established pursuant to the Act is responsible for all matters relating to advisory committees, and carries out the Administrator's responsibilities under the Act and Executive Order 12024.

"Committee member" means an individual who serves by appointment on an advisory committee and has the

full right and obligation to participate in the activities of the committee, including voting on committee recommendations.

"Presidential advisory committee" means any advisory committee which advises the President. It may be established by the President or by the Congress, or used by the President in the interest of obtaining advice or recommendations for the President. "Independent Presidential advisory committee" means any Presidential advisory committee not assigned by the President, or the President's delegate, or by the Congress in law, to an agency for administrative and other support and for which the Administrator of General Services may provide administrative and other support on a reimbursable basis.

"Staff member" means any individual who serves in a support capacity to an advisory committee.

"Utilized" (or "used"), as referenced in the definition of "Advisory committee" in this section, means a committee or other group composed in whole or in part of other than full-time officers or employees of the Federal Government with an established existence outside the agency seeking its advice which the President or agency official(s) adopts, such as through institutional arrangements, as a preferred source from which to obtain advice or recommendations on a specific issue or policy within the scope of his or her responsibilities in the same manner as that individual would obtain advice or recommendations from an established advisory committee.

§ 101-6.1004 Examples of advisory meetings or groups not covered by the Act or this subpart.

The following are examples of advisory meetings or groups not covered by the Act or this subpart:

(a) Any committee composed wholly of full-time officers or employees of the Federal Government;

(b) Any advisory committee specifically exempted by an Act of Congress;

(c) Any advisory committee established or utilized by the Central Intelligence Agency;

(d) Any advisory committee established or utilized by the Federal Reserve System;

(e) The Advisory Committee on Intergovernmental Relations;

(f) Any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or

make recommendations to State or local officials or agencies;

(g) Any committee which is established to perform primarily operational as opposed to advisory functions. Operational functions are those specifically provided by law, such as making or implementing Government decisions or policy. An operational committee may be covered by the Act if it becomes primarily advisory in nature. It is the responsibility of the administering agency to determine whether such a committee is primarily operational. If so, it would not fall under the requirements of the Act and this Subpart, but would continue to be regulated under relevant laws, subject to the direction of the President and the review of the appropriate legislative committees;

(h) Any meeting initiated by the President or one or more Federal official(s) for the purpose of obtaining advice or recommendations from one individual;

(i) Any meeting initiated by a Federal official(s) with more than one individual for the purpose of obtaining the advice of individual attendees and not for the purpose of utilizing the group to obtain consensus advice or recommendations. However, agencies should be aware that such a group would be covered by the Act when an agency accepts the group's deliberations as a source of consensus advice or recommendations;

(j) Any meeting initiated by a group with the President or one or more Federal official(s) for the purpose of expressing the group's view, provided that the President or Federal official(s) does not use the group recurrently as a preferred source of advice or recommendations;

(k) Meetings of two or more advisory committee or subcommittee members convened solely to gather information or conduct research for a chartered advisory committee, to analyze relevant issues and facts, or to draft proposed position papers for deliberation by the advisory committee or a subcommittee of the advisory committee; or

(l) Any meeting with a group initiated by the President or one or more Federal official(s) for the purpose of exchanging facts or information.

§ 101-6.1005 Authorities for establishment of advisory committees.

An advisory committee may be established in one of four ways:

(a) By law where the Congress specifically directs the President or an agency to establish it;

(b) By law where the Congress authorizes but does not direct the President or an agency to establish it. In

this instance, the responsible agency head shall follow the procedures provided in § 101-6.1007;

(c) By the President by Executive Order; or

(d) By an agency under general agency authority in Title 5 of the United States Code or under other general agency-authorizing law. In this instance, an agency head shall follow the procedures provided in § 101-6.1007.

§ 101-6.1006 [Reserved]

§ 101-6.1007 Agency procedures for establishing advisory committees.

(a) When an agency head decides that it is necessary to establish a committee, the agency must consider the functions of similar committees in the same agency before submitting a consultation to GSA to ensure that no duplication of effort will occur.

(b) In establishing or utilizing an advisory committee, the head of an agency or designee shall comply with the Act and this subpart, and shall:

(1) Prepare a proposed charter for the committee which includes the information listed in section 9(c) of the Act; and

(2) Submit a letter and the proposed charter to the Secretariat proposing to establish or use, reestablish, or renew an advisory committee. The letter shall include the following information:

(i) An explanation of why the committee is essential to the conduct of agency business and in the public interest;

(ii) An explanation of why the committee's functions cannot be performed by the agency, another existing advisory committee of the agency, or other means such as a public hearing; and

(iii) A description of the agency's plan to attain balanced membership. For purposes of attaining balance, agencies shall consider for membership interested persons and groups with professional or personal qualifications or experience to contribute to the functions and tasks to be performed. This should be construed neither to limit the participation, nor compel the selection of any particular individual or group to obtain divergent points of view that are relevant to the business of the advisory committee.

(3) Subcommittees that do not function independently of the full or parent advisory committee need not follow the requirements of paragraphs (b)(1) and (b)(2) of this section. However, they are subject to all other requirements of the Act.

(4) The requirements of paragraphs (b)(1) and (b)(2) of this section shall apply for any subcommittee of a chartered advisory committee, whether its members are drawn in whole or in part from the full or parent advisory committee, which functions independently of the parent advisory committee such as by making recommendations directly to the agency rather than for consideration by the chartered advisory committee.

(c) The Secretariat will review the proposal and notify the agency of GSA's views within 15 calendar days of receipt, if possible. The agency head retains final authority for establishing a particular advisory committee.

(d) The agency shall notify the Secretariat in writing that either:

(1) The advisory committee is being established. The filing of the advisory committee charter as specified in § 101-6.1013 shall be considered appropriate written notification in this instance. The date of filing constitutes the date of establishment or renewal. The agency head shall then comply with the provisions of § 101-6.1009 for an established advisory committee; or

(2) The advisory committee is not being established. In this instance, the agency shall also advise the Secretariat if the agency head intends to take any further action with respect to the proposed advisory committee.

§ 101-6.1008 The role of GSA.

(a) The functions under section 7 of the Act will be performed for the Administrator by the Secretariat. The Secretariat assists the Administrator in prescribing administrative guidelines and management controls for advisory committees, and assists other agencies in implementing and interpreting these guidelines. In exercising internal controls over the management and supervision of the operations and procedures vested in each agency by section 8(b) of the Act and by § 101-6.1009 and § 101-6.1017 of this rule, agencies shall conform to the guidelines prescribed by GSA.

(b) The Secretariat may request comments from agencies on management guidelines and policy issues of broad interagency interest or application to the Federal advisory committee program.

(c) In advance of issuing informal guidelines, nonstatutory reporting requirements, and administrative procedures such as report formats or automation, the Secretariat shall request formal or informal comments from agency Committee Management Officers.

§ 101-6.1009 Responsibilities of any agency head.

The head of each agency that uses one or more advisory committees shall ensure:

(a) Compliance with the Act and this subpart;

(b) Issuance of administrative guidelines and management controls which apply to all advisory committees established or used by the agency;

(c) Designation of a Committee Management Officer who shall carry out the functions specified in section 8(b) of the Act;

(d) Provision of a written determination stating the reasons for closing any advisory committee meeting to the public;

(e) A review, at least annually, of the need to continue each existing advisory committees, consistent with the public interest and the purpose of functions of each committee;

(f) Rates of pay are justified and levels of agency support are adequate;

(g) The appointment of a Designated Federal Officer for each advisory committee and its subcommittees;

(h) The opportunity for reasonable public participation in advisory committee activities; and

(i) That the number of committee members is limited to the fewest necessary to accomplish committee objectives.

§ 101-6.1010 [Reserved]

§ 101-6.1011 Responsibilities of the chairperson of an independent Presidential advisory committee.

The chairperson of an independent Presidential advisory committee shall comply with the Act and this subpart and shall:

(a) Consult with the Administrator concerning the role of the Designated Federal Officer and Committee Management Officer; and

(b) The general counsel of the agency or, in the case of an independent Presidential advisory committee, the general counsel of the General Services Administration should review all requests to close meetings.

§ 101-6.1026 [Reserved]

§ 101-6.1027 Termination of advisory committees.

(a) Any advisory committee shall automatically terminate not later than 2 years after it is established, reestablished, or renewed, unless:

(1) Its duration is otherwise provided for by law;

(2) The President or agency head renews it prior to the end of such period; or

(3) The President or agency head terminates it before that time by revoking or abolishing its establishment authority.

(b) If an agency head terminates an advisory committee, the agency shall notify the Secretariat of the effective date of termination.

§ 101-6.1028 [Reserved]

§ 101-6.1029 Renewal and rechartering of advisory committees.

(a) Advisory committees specifically directed by law:

(1) Whose duration extends beyond 2 years shall require rechartering by the filing of a new charter every 2 years after the date of enactment of the law establishing the committee. If a new charter is not filed, the committee is not

terminated, but may not meet or take any action.

(2) Which would terminate under the provisions of section 14 of the Act, and for which renewal would require reauthorization by law, may be reestablished by an agency provided that the agency complies under general agency authority with the provisions of § 101-6.1007.

(b) Advisory committees established by the President may be renewed by appropriate action of the President and the filing of a new charter.

(c) Advisory committees authorized by law or established or used by an agency may be renewed, provided that at least 30 but not more than 60 days before the committee terminates, an agency head who intends to renew a committee complies with the provisions of § 101-6.1007.

§ 101-6.1030 [Reserved]

§ 101-6.1031 Amendments to advisory committee charters.

(a) *Committees specifically directed by law or authorized by law; or established by the President.* The agency head shall be responsible for ensuring that any minor technical changes made to current charters are consistent with the relevant statute or Executive Order. When the Congress by law, or the President by Executive Order, changes the authorizing language which has been the basis for establishing an advisory committee, the agency head, or the chairperson of an independent Presidential advisory committee, shall:

(1) Amend those sections of the current charter affected by the new law or Executive Order; and

(2) File the amended charter as specified in § 101-6.1013.

(b) *Committees established or used by an agency.* The charter of an advisory committee established under general agency authority may be amended when an agency head determines that the existing charter no longer accurately reflects the objectives or functions of the committee. Changes may be minor, such as revising the name of the advisory committee, or modifying the estimated number or frequency of meetings. Changes may also be major such as those dealing with the objectives or composition of the committee. The agency head retains final authority for amending the charter of an advisory committee. Amending any existing advisory committee charter does not constitute renewal of the committee under § 101-6.1029.

(1) To make a minor amendment to a committee charter, an agency shall:

(i) Amend the charter language as necessary, and

(ii) File the amended charter as specified in § 101-6.1013.

(2) To make a major amendment to a committee charter, an agency shall:

(i) Amend the charter language as necessary;

(ii) Submit the proposed amended charter with a letter to the Secretariat requesting GSA's views on the amended language, along with an explanation of the purpose of the changes and why they are necessary. The Secretariat will review the proposed changes and notify the agency of GSA's views within 15 calendar days of the request, if possible; and

(iii) File the amended charter as specified in § 101-6.1013.

§ 101-6.1032 [Reserved]

§ 101-6.1033 Compensation and expense reimbursement of advisory committee members, staffs and consultants.

(a) *Uniform pay guidelines for members of an advisory committee.* Nothing in this subpart shall require an agency head to provide compensation, unless otherwise provided by law, to a member of an advisory committee. However, when compensation is deemed appropriate by an agency, it shall fix the pay of the members of an advisory committee to the daily equivalent of a rate of the General Schedule in 5 U.S.C. 5332 unless the members are appointed as consultants and compensated under 5 U.S.C. 3109. In determining an appropriate rate of pay for the members, an agency shall give consideration to the significance, scope, and technical complexity of the matters with which the advisory committee is concerned and the qualifications required of the members of the advisory committee. An agency may not fix the pay of the members of an advisory committee at a rate higher than the daily equivalent of the maximum rate for a GS-15 under the General Schedule, unless a higher rate is mandated by statute, or the head of the agency has personally determined that a higher rate of pay under the General Schedule is justified and necessary. Such a determination must be reviewed by the head of the agency annually. Under this subpart, an agency may not fix the pay of the members of an advisory committee at a rate of pay higher than the daily equivalent of a rate for a GS-18, as provided in 5 U.S.C. 5332.

(b) *Pay for staff members of an advisory committee.* An agency may fix the pay of each advisory committee staff member at a rate of the General Schedule in which the Staff member's

position would appropriately be placed (5 U.S.C. Chapter 51). An agency may not fix the pay of a staff member at a rate higher than the daily equivalent of the maximum rate for GS-15, unless the agency head has determined that under the General Schedule the staff member's position would appropriately be placed at a grade higher than GS-15. This determination must be reviewed annually by the agency head.

(1) In establishing rates of compensation, the agency head shall comply with any applicable statutes, regulations, Executive Orders, and administrative guidelines.

(2) A staff member who is a Federal employee shall serve with the knowledge of the Designated Federal Officer and the approval of the employee's direct supervisor. If a non-Federal employee, the staff member shall be appointed in accordance with applicable agency procedures, following consultation with the advisory committee.

(c) *Pay for consultants to an advisory committee.* An agency shall fix the pay of a consultant to an advisory committee after giving consideration to the qualifications required of the consultant and the significance, scope, and technical complexity of the work. The compensation may not exceed the maximum rate of pay authorized by 5 U.S.C. 3109, and shall be in accordance with any applicable statutes, regulations, Executive Orders and administrative guidelines.

(d) *Gratuitous services.* In the absence of any special limitations applicable to a specific agency, nothing in this subpart shall prevent an agency from accepting the gratuitous services of an advisory committee member, staff member, or consultant who agrees in advance to serve without compensation.

(e) *Travel expenses.* Advisory committee members and staff members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of Title 5, United States Code, for persons employed intermittently in the Government service.

(f) *Services for handicapped members.* While performing advisory committee duties, an advisory committee member who is blind or deaf or who qualifies as a handicapped individual may be provided services by a personal assistant for handicapped employees if the member:

(1) Qualifies as a handicapped individual as defined by section 501 of

the Rehabilitation Act of 1973 (29 U.S.C. 794); and

(2) Does not otherwise qualify for assistance under 5 U.S.C. 3102 by reason of being an employee of an agency.

(g) *Exclusions.* (1) Nothing in this section shall prevent any person who (without regard to his or her service with an advisory committee) is a full-time Federal employee from receiving compensation at a rate which he or she otherwise would be compensated as a full-time Federal employee.

(2) Nothing in this section shall prevent any person who immediately before his or her service with an advisory committee was a full-time Federal employee from receiving compensation at the rate at which he or she was compensated as a full-time Federal employee.

(3) Nothing in this section shall affect a rate of pay or a limitation on a rate of pay that is specifically established by law or a rate of pay established under the General Schedule classification and

pay system in chapter 51 and chapter 53 of Title 5, United States Code.

§ 101-6.1034 [Reserved]

§ 101-6.1035 Reports required for advisory committees.

(a) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate will prepare a follow-up report to the Congress detailing the disposition of the committee's recommendations in accordance with section 6(b) of the Act:

(b) The President's annual report to the Congress shall be prepared by GSA based on reports filed on a fiscal year basis by each agency consistent with the information specified in section 6(c) of the Act. Reports from agencies shall be consistent with instructions provided annually by the Secretariat. This report has been cleared in accordance with FIRMR 201-45.6 in 41 CFR Chapter 201 and assigned interagency report control number 0304-GSA-XX.

(c) In accordance with section 10(d) of the Act, advisory committees holding closed meetings shall issue reports at least annually, setting forth a summary of activities consistent with the policy of Section 552(b) of Title 5, United States Code.

(d) Subject to section 552 of Title 5, United States Code, eight copies of each report made by an advisory committee, including any report on closed meetings as specified in paragraph (c) of this section, and, where appropriate, background papers prepared by consultants, shall be filed with the Library of Congress as required by section 13 of the Act, for public inspection and use at the location specified in paragraph (a)(2) of § 101-6.1013.

Federal Advisory Committee Management

AGENCY: Office of Administration, GSA.

ACTION: Final rule.

SUMMARY: This final rule provides additional administrative and interpretive guidelines and management controls for Federal agencies concerning the implementation of the Federal Advisory Committee Act, as amended (5 U.S.C., App.) (hereinafter "the Act"). In a previous issue of the *Federal Register*, GSA published an initial final rule on the management of Federal advisory committees (52 FR 45928, December 2, 1987). This new final rule revises the current rule to improve further the management and use of Federal advisory committees in the Executive Branch of the Federal Government. These revisions: (1) Clarify the guidelines applicable to achieving committee memberships which are balanced in a way that is fair and consistent with section 5(b) of the Act; (2) add new language which cross-references regulations relating to Federal conflict-of-interest statutes and standards of conduct within the final rule; (3) clarify the procedures for transmitting follow-up reports to the Congress as required by section 6(b) of the Act on Presidential advisory committee recommendations; and (4) provide that annual agency fiscal year reports to GSA shall also include information requested to carry out the annual comprehensive review required by section 7(b) of the Act. Corrections of minor, nonsubstantive errors in the text of the original final rule have also been made.

EFFECTIVE DATE: October 5, 1989.

ADDRESSES: General Services Administration, Committee Management Secretariat (CTM), Washington, DC 20405.

Copies of the two comments received are available for public inspection in Room 8206 of the General Services Building, 18th and F Streets, NW., Washington, DC.

SUPPLEMENTARY INFORMATION:

Background

GSA's authority for administering the Act is contained in section 7 of the Act and Executive Order 12024 (42 FR 61445, 3 CFR, 1977 Comp., p. 158). Under Executive Order 12024, the President delegated to the Administrator of General Services all of the functions vested in the President by the Act, as amended, except that the Annual Report to the Congress required by section 6(c) shall be prepared by the Administrator for the President's consideration and transmittal to the Congress.

Discussion of Comments

GSA published a notice of proposed rulemaking in the *Federal Register* on the management of Federal advisory committees, with a 60-day comment period ending on February 28, 1989 (53 FR 53022, December 30, 1988). No Federal agency submitted substantive recommendations. Two non-Federal commenters responded in writing and were highly supportive of the proposed rule, stating, for example, that "The proposed rule provides greater guidance to agencies . . ." and, that "The changes proposed by GSA . . . represent a major improvement over the existing rules." Both commenters offered suggestions for improving two sections of the proposed rule, both of which pertained to provisions relating to balanced membership of advisory committees. These comments discussed three recommendations made in relation to § 101-6.1007(b)(2)(iii) and to § 101-6.1015(a)(1) of the proposed rule. The disposition of these recommendations is addressed as follows:

Require that Agencies Include in Their Balanced Membership Plans a Description of Plans To Attain and Maintain Fairly Balanced Membership

One commenter stated that the final rule should require agencies to describe plans to maintain fairly balanced membership, since . . . "advisory committees undergo changes from the initial composition through routine membership rotations or the resignation and replacement of members." GSA agrees that advisory committees often have changing membership composition.

However, section 14(a)(2)(A) of the Act provides that advisory committees established by agencies shall terminate after two years unless renewed by appropriate action. In § 101-6.1029(c) of the original final rule, GSA requires that an agency head who intends to renew a committee comply with the provisions of § 101-6.1007 of the final rule duplicating procedures for establishment. The

renewing agency must provide a description of its plan to attain fairly balanced membership on a biennial basis and, therefore, must address at the time of renewal any changes to the composition of the committee which may have occurred since its establishment or last renewal. GSA recognizes the merit of this suggestion, but believes that the Act and existing rule already provide for agencies to accommodate the requirement for fairly balanced membership. GSA, therefore, has not adopted this recommendation.

Require that Agencies Consider and Select a Cross-Section of Certain Membership Categories

The other commenter was of the opinion that the language in the proposed rule requiring that an agency consider (only) certain categories of potential members seemed to suggest that . . . "so long as an agency has 'considered' a cross-section of views and interests in the course of putting a committee together, it can ultimately select any composition it wants, including one which is one-sided and imbalanced." GSA does not believe that the guidance provided in the rule necessarily will cause agencies to adopt this perceived course with regard to membership selection, leading to the results suggested by this commenter.

In any case, § 101-6.1015(a)(1) of the new final rule will now require the agency to publish in advance in the *Federal Register* its description of its plan to attain fairly balanced membership, allowing for public comments which could include those offered by any interested party who might disagree that the committee will be fairly balanced. Furthermore, since the eventual selection of members for the composition an advisory committee established under this provision rests with the agency head, GSA does not believe that the final rule can compel an agency to make any particular membership selection. GSA has, therefore, not adopted this recommendation.

Require that an Agency's Federal Register Notice of Establishment Solicit the Proposal of Specific Nominees for Inclusion on a Committee

With regard to the *Federal Register* notice of establishment required by § 101-6.1015(a)(1) of the final rule, the previous commenter also suggested further that . . . "by requiring agencies to give the public an opportunity to comment on the plan for attaining fairly balanced membership, including by proposing specific nominees for

inclusion on the committee . . . (that) This would be invaluable to the public and would also be of great benefit to agencies, because it would ensure that they would have the most information possible about potential committee members."

For the following reasons, GSA has not adopted this suggestion. First, a notice of establishment normally contains the name and telephone number of the agency official responsible for responding to questions from, or for receiving comments provided by, any interested person. Such comments can include proposals for specific nominees for membership on a committee. Second, notices of establishment frequently are published by an agency prior to the selection of members, and the agency would have the opportunity to consider the commenter's suggestions of potential members. Even if an agency has chosen the members of a committee prior to the publication of the notice, it can make changes to the membership at any time during the life of the committee. Third, GSA is of the opinion that the overall purpose of the Federal Register notice of establishment, which in accordance with § 101-6.1015(a)(2) of the final rule shall appear at least 15 days before the filing of the committee's charter, is to provide the public an opportunity to comment on the necessity or any other aspect of the proposed committee.

Additional Information

The guidelines contained in this final rule with respect to § 101-6.1008(d), wherein GSA may solicit the assistance of the Office of Management and Budget in assuring the completion of follow-up reports required by section 6(b) of the Act, were developed by GSA after consultation with that agency.

Similarly, the guidelines contained in this final rule with respect to § 101-6.1009(j), wherein an agency head shall ensure that the interests and affiliations of advisory committee members are reviewed consistent with regulations published by the Office of Government Ethics, were developed by GSA after consultation with that agency.

Executive Order 12291

GSA has determined that this final rule is not a major rule for the purposes of Executive Order 12291 of February 17, 1981, because it will not result in an annual effect on the economy of \$100 million or more, will not cause a major increase in costs to consumers or others, and will not have significant adverse effects. GSA has based all administrative decisions on this final rule on adequate information concerning

the need for and consequences of this final rule. GSA has also determined that the potential benefits to society from this final rule far outweigh the potential costs, has maximized the net benefits, and has chosen the alternative involving the least cost to society.
